Sergeant Stephens Looking Further Into Price and Shuler Altercation

Sergeant A. H. Stephens is conducting an investigation to determine the cause of the altercation between Elmer Price, an employee of the Ogden Packing & Provision company, and Josh Shuler, negro, who were arrested last night at the corner of Twenty-sixth and Lincoln avenue while fighting.

When taken to the station and examined by Dr. V. L. Ward, it was found that Shuler had practically all of his front teeth knocked out and his tenth rib on the right side fractured besides numerous bruises about the head and face.

Price had a deep gash in the top of his head about four inches in length caused, he told the police, by Shuler attacking him with a hammer. Price, while being arrested, fought with the officers and when handcuffed struck Sergeant Stephens with the iron almost knocking him down and injuring the fingers of his left hand. He also bit through the little finger on the left hand and Patrolman C. E. Teller. According to the police Price had just enough moaning whiney to be crazy, not realizing what he was doing.

He told the police that Shuler had struck him with a gun but the police could find no gun but did find a hammer covered with blood.

According to the police Shuler has been arrested heretofore as a prowler and it is his recent activities that are being looked into by the officials.

No charge has been placed against the men both of whom are being held for further investigation.

J. M. Fulton of Southern Pacific Says Nevada on Upward Swing

Business conditions in Nevada and the west in general are on the upward swing and far ahead of 1921 conditions, according to J. M. Fulton, assistant general freight and passenger agent of the Southern Pacific lines with general headquarters at Reno, who was an Ogden visitor today.

"Wool in Utah, Nevada and other western states is selling at double what it did in 1921," said Mr. Fulton. "Three-fifths of the wool crop has already been contracted for which in itself shows how conditions have improved."

"Several of the mines at Tonopah are producing an average of 450,000 pounds of silver a month while the Rochester mines are producing more than at any time in the past six years."

New property near Tonopah is being developed by the Walkers of Salt Lake and gives promise of becoming one of the leaders in the mining industry.

"My particular district is very productive of lumber and has a capacity of 2,000,000 feet per day. Lumber shipments are double what they were in 1921 which is another good example of better times ahead."

The Intermountain country, particularly the valley which extends from Ogden to Reno, north to Lakeview, Oregon and south to Goldfield, Ely, Austin and Eureka gives every indication of rapid improvement during the 1922 year over that of 1921.

Nevada in general is on the upward trend in all lines of business and farmers and miners alike are looking forward to the return of normal conditions."

The vaudeville program at the High school last Friday, was a huge success. This is the first time that this form of entertainment has been tried in the High school, but it will probably not be the last as it was wonderfully well worked out from start to finish.

Don't forget the Classical! There is only a limited amount of tickets to be sold to this event, which gives promise of being the largest in the history of the High.

The Cadet Officers' dinner-dance was pronounced a thoroughly enjoyable affair. Approximately 60 were present.

Today and tomorrow are the last days to arrange for procuring lockers.

The High school R. O. T. C. rifle team under its Coach Sergeant Hallows, is now firing its record match. Two stages of this match have already been fired, and if the other stages, which are to be fired today, are as successful the team is sure to come out near the top.

The governor and his staff have been invited to the Cadet hop and while they have not as yet accepted, it is thought that they will be in attendance. The program for this hop includes many novel and entertaining stunts such as athletic and musical drills. Among these features will be a band performance, a rifle team drill, and a variety of other stunts.

The band is fast becoming a credit to the school. There will be four events put on each of them by one complete team. These events according to the progress now shown, will be as near perfection as it is possible for an event of this type to be.

The Juniors are planning a snappy program for the assembly Wednesday.
